2000 OCEAN SELECTS TOP INTERIOR DESIGNERS FOR THE ULTIMATE MODEL UNIT SHOWCASE FEATURING MINOTTI MIAMI.

BY ALEXA SHABINSKY

Highlighting the work of eight top interior designers, the 2000 Ocean Interior Design Showcase for 2000 Ocean by Enrique Norten conceptualizes life inside the stunning beachfront high-rise. Each designer was asked to curate individual residences within the 38-story residential enclave, incorporating palettes, stylings, furnishings, artwork and materials of their own choosing in collaboration with select Minotti Miami pieces. "In partnering with the design brand Minotti for 2000 Ocean, we seek to bring about a marriage of Italian design and craftsmanship in keeping with the vision we have for our property and our homeowners," says Shahab Karmely, CEO and founder of KAR Properties. 2000 Ocean is set to be completed in 2021. ■
